# HAND HEWN SPIRITS

TASTING FLIGHT OF 4 FOR 10

## VODKA

a round mouth feel and rich texture, punctuated by a hint of sweetness from local Michigan corn and rye; copper-pot distillation and non-chill filtering make this a very unique and wonderful vodka

TASTE 3 BOTTLE 31

## GIN

a distinctly floral nose and a soft mouth feel, its palate leads with a coniferous note, followed by hints of sage and citrus and a long, sweet lavender finish

TASTE 3 BOTTLE 34

## RUM

aging in bourbon barrels gives this rum an amber color and layered notes of vanilla, warm fruit and brown spices with a medium body and a satisfying vaporous finish

TASTE 3 BOTTLE 31

## CHERRY BOUNCE

whiskey blended with Shooks Farms tart montmorency cherries, barrel aged and spiced to create a slightly tart liqueur with fresh cherry juice flavor and hints of almond, cinnamon, clove and nutmeg

TASTE 3 BOTTLE 19 (375ml)

## COFFEE LIQUEUR

made with coffee brewed to express rich vanilla in the nose, notes of cacao and a hint of nuttiness in the finish, and crafted in collaboration with our local coffee roasters and the bartenders who love them

TASTE 3 BOTTLE 24 (375ml)

# HAND HEWN SPIRITS

TASTING FLIGHT OF 4 FOR 10

## WHISKEY

an elegant, warm beeswax nose with notes of fresh-shucked corn and honey; the wine casking in barrels from Bonobo Winery produces notes of dried fruit and a smooth finish

TASTE 3 BOTTLE 38

## BOURBON

malt-forward with a clean, mildly sweet finish; contains double the malt content of conventional bourbons, including a caramel malt, maximizes complexity and mouth feel

TASTE 3 BOTTLE 48

## RYE

soft sweetness of caramel malt backed up by satisfying, but not overwhelming, spice notes; pleasantly complex but not at the expense of its rye identity

TASTE 3 BOTTLE 54

# BORROWED TIME SPIRITS

TASTING FLIGHT OF 2 FOR 10

Borrowed Time Spirits are products that we cannot make alone, either because we have not been in business long enough or because distillers in the United States are not allowed to produce that specific type of spirit (e.g., Scotch).

Each Borrowed Time Spirit is hand-selected by our head distiller as an exceptional example of a given class of spirit. Our distillers then use their expertise in blending and finishing to provide an additional, uniquely Mammoth character

Because these products are acquired in very small batches, they only remain available until the barrels are empty.

ASK YOUR SERVER FOR TODAY'S SELECTIONS!

Mammoth was founded to create world-class spirits using novel combinations of ingredients, technique and tradition to create a uniquely Northern style of product.

From the specific grains we select, to the source of water we use, to final proofing decisions, we take the best traditions and techniques from around the world and employ them in crafting what we believe to be outstanding examples of a Northern-inspired spirit.

We love where we live and work, and are thrilled to share this essence of Life Up North in all the spirits we produce.

Enjoy your visit!
