**PRODUCT NOTES** Our exceptional infused vodkas are crafted using only the finest produce of Northern Michigan. Plump, sun-ripened Michigan strawberries from Brownwood Acres are harvested at the peak of their sweetness, ensuring that their juicy, fruity flavor is unmistakably captured in every sip. Delightfully tart rhubarb from nearby King Orchards adds just enough earthy counterbalance to brightly harmonize in a burst of summertime freshness. Enjoy on the rocks, or as a spritzer with a splash of soda and a fresh strawberry garnish.

Mammoth strawberry rhubarb vodka is just one offering in our new series of summertime infusions. Our cherry vodka lusciously showcases the taste of Michigan's signature fruit at its pure, unadulterated best. And our lavender vodka delivers a subtle but distinctly floral note that highlights an equally pleasant but much more botanical profile of the three. We love all the wonderful flavors of summertime in Northern Michigan, and are excited to finally offer a line of spirits dedicated to recreating a slice of summer year round.
